9/11 World Memorial

"No one is truly gone as long as someone remembers them, 'lest we forget'"

The [World Memorial Federal Charity Foundation](#) works to help us all remember the loss of September 11, 2001, and to foster constructive change. In addition to honoring those killed from all corners of the globe, the World Memorial organization is also...

- Touring 9/11 Memorials across the country
- Assisting the donation of equipment and vehicles to emergency services around the world
- Building a lasting monument and museum promoting tolerance and truth among all nations, people and generations

World Memorial is also requesting donations of uniform patches and department badges to be added to their 9/11 Memorial Wall. Please contact Mitch at wm@publicsafety.net for more info.
